

WEEKLY REVIEW

LocalPDF Sprint Meeting

Date: 02 Aug 2026 | Duration: 45 minutes

Participant	Role
Yaser	Developer
Alya	Tester
Raka	Design reviewer

Agenda

Review the merge workflow, validate error messages, and decide what belongs in version 0.1.

Decisions

The team agreed to finish one reliable merge tool before beginning split or organize features.

ACTION ITEMS

Follow-up Plan

Owner	Task	Due
Yaser	Add encrypted-file handling	05 Aug
Alya	Run viewer compatibility checks	06 Aug
Raka	Review mobile spacing	06 Aug
Yaser	Publish v0.1 release notes	07 Aug

Risks

Large PDF files may exhaust browser memory. The application should use workers, conservative limits, and clear recovery messages.

Use this document to test merge ordering and removal of one selected page.
